More Paper

The Times has succeeded in getting a small shipment of paper at the astounding price of 15 1/2 cents per pound. We used to buy it for 2 1/2 cents. It will thus be seen that the paper stock costs us 500 per cent. more than formerly. It also costs us five times as much to live as it used to. But we only get two times as much for the paper printed and mailed.

Do you see how we do it? We can't do it much longer unless all on our list pay up promptly and many more not on our list subscribe. If you are interested in the life of the Times see that your name is not in arrears, and that your neighbors subscribe also.

No more credit for papers. That day is past. We must pay cash for what we get.

Miss Skinner Passes Away

Miss Millie Skinner died Wednesday from a protracted illness. Miss Skinner was 74 years old. Funeral services on Friday at the home of her sister, Mrs. Amanda Walters, by Elder D. H. Matherly, of Richmond. Burial in the family burial grounds.

Miss Skinner is survived by two sisters, Mrs. J. H. Eaton, of this city and Mrs. Amanda Walters, of Waltersville.

Ask the Other Fellows

We are asked every day when work will be resumed on our roads. We frankly admit we do not know. Ask Gov. Morrow and the fellows at Frankfort. It is all put up to them. Large bodies move slowly, is just as true with Republican administrations as Democratic. The funds seem to be only large enough to pay the head officers and the Engineers.

Teachers' Examination This Week

Examinations for certificate to teach school will be held at Stanton Friday and Saturday of this week. The increase in teachers' salary will probably stimulate many to take the examination that otherwise would not.

The Third Son

Friends of Mr. and Mrs. T. G. White are congratulating them upon the arrival of a new son, Robert Gabriel, who came to gladden their home Friday, May 14, at the St. Joseph hospital in Lexington.

Clay City Entertains Conference

The District Conference convened last week with the Methodist Church this city. A large delegation was present and a valuable meeting was held. The entertainment was also good.

A Dodge And A Buick

Clay City had an increase of two splendid new cars last week. Dr. Martin purchased a Dodge touring car and Harry Russell a Buick roadster.

And Still It Rains

The average days it rains seems to be about three out of the week, thus keeping the farmers behind with their work and our roads in a very bad condition.

The Commencement

The commencement given at the close of school Monday evening at the Christian Church was well attended and enjoyed very much.

Addresses were given by Robert Maxwell and Charles Hendricks, graduating pupils of High School, together with patriotic songs. Dr. Everhart, pastor of the First Baptist Church of Georgetown was present and gave a very interesting address also.

We join a band in wishing our two splendid teachers of Georgetown, Misses Quinn and Hachley, a pleasant school vacation as they return to their home and trust they will return this fall to be with us another school year.

Other Counties in Bad Too

Some of the tax payers of Powell county who are kicking so much about the raise of their property should remember that many other counties have been raised more than Powell by the State Tax Commission. Take Scott county as an example. The papers tell us that the taxable property in that county has been doubled. When the state authorities say so much must be raised it means it so there is nothing to do but get busy.

Trains Kill Cow and Horse

On Tuesday of last week a train ran down a valuable cow belonging to Mrs. Fannie Williams and killed her. The same day another train frightened a horse belonging to O. L. Daniel and it ran across the bridge ahead of the train, not missing a single cross tie. When it had gotten safely on the other side, the horse jumped off the trestle and so injured itself that it died.

Shoots Off Arm

While handling a loaded shot gun Monday at his home near Kimbrell, Virgil Cooper shot his right arm so badly that it had to be amputated. Young Cooper had just returned from a short hunt and was examining his gun, seated in a chair when it was discharged with the above results.

Splinter in Cheek

John Stokely, while aiding in the operation of a lath mill at Nada last week, had a large splinter run into his cheek and badly lacerated it. He is going about now with a few patches on his face.

Ben Mastin Sells Place

Ben Mastin has sold his splendid little farm near Powell's Valley to Mrs. A. J. Wells, of Winchester, and is moving to Cincinnati. Mr. Mastin sold the place for \$2,600.

J. P. Mauphin is recovering from a severe spell of sickness. His presence on our streets again is indeed gratifying to his many friends after his being confined to his home since December.

Friends here have learned of the birth of a new son to Mr. and Mrs. B. C. Rogers, of Hoover, Texas. Mrs. Rogers was formerly Miss Maude Fletcher, of this city.

Personal Paragraphs

Mrs. H. H. Pherigo is visiting friends in Lexington.

Mrs. Dora Meechum, of Ravensna, visited home folks Tuesday.

H. G. Crabtree went to heattville yesterday on a business mission.

Mrs. Mariah Rose and Mrs. Robt. Conlee left Monday for Swango Springs for a stay.

Frank Wright, of Georgetown, motored here in his new Hupmobile Sunday to visit old friends.

Miss Ruby Swope, of Kiddville, visited her sister, Mrs. C. L. Russell, the latter part of last week.

Geo. S. Ware and family motored to Mt. Sterling Sunday in their new Chevrolet to visit relatives.

Mrs. A. P. Johnson spent a few days last week with her daughter, Mrs. W. T. Rye, at Jackson.

Mr. and Mrs. S. C. Berry, of Paintsville, spent Wednesday of last week with the family of H. H. Pherigo.

Mrs. W. G. Patrick and two sons, of Hargett, attended the Methodist Conference held here last week.

Miss Grace Martin and Miss Myrtle Wright attended the Sunday School Convention at Paris, Sunday, May 9th.

Miss Lou Wallace, of Irvine, is visiting her aunt, Mrs. Millie Mountz, and other relatives in and adjacent to Clay City.

J. M. Ireland and family have moved to Halfway, Warren county, where he will work in the Western Kentucky oil fields.

G. C. Bassett and family, who came here last fall, have moved to Indiana. These were splendid citizens whom we regret to lose.

Bascom Walters was called home Thursday from Dayton, Ohio on account of the death of his aunt, Miss Millie Skinner, and is at home for a few days.

Mr. and Mrs. W. R. Eubank, and daughters, Misses Vera and Irma, visited at the Red River Hotel from Saturday until Tuesday.

Mr. and Mrs. Randall Harter, of Nada, are preparing to leave for Pennsylvania June 1st, where Mr. Harter expects to engage in lumbering.

Mrs. J. H. O'Rear and son, Harry, and the Duncan family, of Winchester, attended the funeral of their aunt, Miss Millie Skinner, Friday.

Mrs. F. C. Mize, of Quicksand, attended the funeral of her aunt, Miss Millie Skinner, and remained here until this morning for a visit to relatives. Mrs. Mize has just recovered from an operation for gall stones.

Mrs. C. M. Warner and little daughter, Mary Charles, of Mt. Sterling, have returned home after a two weeks visit with her parents, Mr. and Mrs. M. F. Shearer.

HON. RICHARD P. ERNST.

ERNST ENTERS SENATE RACE

CANDIDATE NOTED FOR EXTENSIVE CHARITY WORK

EDUCATOR AND "Y" LEADER

Ardent Supporter of Movement To Wipe Out Illiteracy

It is hardly necessary to introduce Richard P. Ernst, whose candidacy for the United States Senate has just been announced, to the average Kentuckian.

His name has appeared throughout the state in connection with charitable movements, war campaigns, church and missionary work and drives to aid the schools and school teachers, especially in the mountain districts.

His charitable work, aggressiveness and progressiveness in civic movements and personal popularity have made him one of the most generally admired men in Northern Kentucky. His extensive work in the interests of his state and its people began immediately upon Mr. Ernst's graduation from the famous Old Centre College, Danville, where he was valedictorian of his class.

Admitted to Bar.

He was admitted to the bar in Kenton county after examination by Senator John W. Stevenson and Judge William R. Arthur and since has practiced law in Covington and Cincinnati with the same aggressiveness and success that have featured every movement worth while into which he has directed his efforts.

Glancing over the long list of his activities one can see that he continually has enlisted himself in movements in which he could accomplish best results for the people.

As trustee and a member of the Executive Committee of Old Centre College, Kentucky State University at Lexington, and of Pikeville College, his excellent advice and assistance in matters of importance have been extremely beneficial to the students.

Wars On Illiteracy.

Recently he has taken a deep interest in the campaign teachers are waging for increased salaries and has been taking active steps to secure better pay both for the teachers of the state and for the professors in our col-

leges and universities. The mountain schools especially appeal to him and he has been an ardent supporter of the movement to wipe out illiteracy and to offer residents of the mountain districts better facilities for education.

Mr. Ernst's continuous help has been received by the churches of the state, regardless of denomination. He is an elder and succeeded his father as superintendent of the Sunday-school, their terms of service covering a period of nearly 80 years. He has been looking after educational and missionary work in the mountains, as chairman of the State Committee of his church, and has succeeded in more than doubling the amount heretofore given for this purpose.

And his work does not end there. He is president of the Covington Y. M. C. A. and a member of the National War Council. As head of the Y. M. C. A. he has been mainly instrumental in erecting one of the most complete and modern buildings to be found.

Son in Active Service.

He was active in every form of war work and gave continuously of his time, labor and money, whenever called upon. His only son was serving at the front in France, as a captain in the regular army, when the armistice was signed. He had entered the army as a private during the Mexican trouble and later passed his examinations at Washington, winning a second Lieutenantcy. Mr. Ernst's son-in-law, John P. Darnall, of Flemingsburg, volunteered as a private and also was in active service at the front.

His wide and extensive business and professional experiences, as counselor and advisor to many large financial and manufacturing concerns, has been of unlimited value to his state and community, as he has been called upon many times to give advice when mat-

G. H. Noland, of Richwood, W. Va., spent the past week with his mother, Mrs. Christine Noland, who has been ill for some time, due to old age, being 70. She resides at the home of her daughter, Mrs. Sherman Abney, at Waltersville.

Be sure to read the Store Magazine gotten out by Mrs. Fannie W. Williams. In it you will find some good values.

Born, Sunday, May 9th, to Mr. and Mrs. Bayard O. Rogers near town, a son—Isaac.

VAUGHN'S MILL.

(Last week.)

B. F. Curtis departed Monday for the oil field to seek employment.

Our Union Sunday School is increasing rapidly. It jumped in one week from 57 to 76. Good!

Miss Viola McKnight has returned from Berea College, where she has been a student for several months.

Vernon Barnett was in our midst Sunday. We evidently believe he was seeking an interview with some of our fairer sex.

The two local church pulpits were filled Sunday by their pastors. M. E., Rev. L. T. Allison; Christian, Rev. H. F. Hall.

Mrs. Chas. Welch is again with her esteemed family, and we trust she will soon be restored to her former good mental capacity.

Married, last week, Mr. Elza Baber to Miss Wils Crowe, of Union Hall. Elza is one of our splendid young men of Upper Hardwick's Creek, to whom we wish and his new bride the joys and happiness of unseen things in their matrimonial life.

Ed Bush of late has been doing considerable mule buying and selling as will be seen: Sold to H. M. Curtis a pair 2-year-old horse mules for \$305; bought a 4-year-old mare mule from him at \$145; sold an aged mule to Walter Curtis for \$85; bought a pair of 2-year old mare mules from his father, A. P. Bush, at \$350.

"YES" OR "NO" WHICH DO YOU SAY?

Folks With Thin, Pale Blood
Hesitate—Feel Uncertain

SHOULD TAKE PEPTO-
MANGAN

Red-blooded Men and Women
Know What They Want To
Do and Do It

If may be you are just recovering from a sick spell—or may be your system is run down and your blood so weak that you are in a poor shape to resist infection—

But if you don't feel and look robust you are not robust. Such state is often due to weak blood, not enough red blood cells, a condition known as anemia.

The best remedy for anemia (bloodlessness) with its low mental and physical vigor is Pepto-Mangan.

Pepto-Mangan supplies the weak, watery blood with the very elements it needs to put new life into it. It repairs, re-creates, and re-builds, the exhausted blood, the vital fluid of health and life. Try Pepto Mangan if you are "run down." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto Mangan. For sale at all druggists.—Advertisement.

The CHEVROLET

An ELEGANT ECONOMICAL Car

Below we call your attention to a few advantages of the Chevrolet. Don't forget these when considering buying a car:

- 1st. It has a valve-in-head motor with a rating of 18 h. p. which is sufficient power to take you anywhere, yet very economical in the use of fuel. The valve-in-head motor produces 20% more power than the usual L-head type. This statement is backed by the Society of Automotive Engineers.
- 2nd. It has a complete starting, lighting and ignition system which doesn't give trouble, and which has been successfully used for several years.
- 3rd. It has a force feed oil system with a pressure gauge on the dash so the driver is always able to know whether his motor is getting oil.
- 4th. It has a selective type transmission with 3 speeds forward which enables you to climb most any hill without using low gear.
- 5th. It has demountable rims all around with an extra rim and carrier in the rear. This means you can carry an extra tire all blown up ready for change in about one-fifth the usual time.
- 6th. It has the honeycomb radiator with a water pump to insure positive circulation, and which will keep your motor cool, eliminating overheating and big repair bills.
- 7th. A door is provided next to the driver so it isn't necessary to disturb other occupants of the car to get in and out.
- 8th. The Chevrolet uses the Zenith carburetor as standard equipment. This is recognized as the best carburetor made and is the kind used on the famous Liberty airplane motor.
- 9th. A Stewart speedometer is put on every Chevrolet car. In addition to keeping you accurately informed at all times of the speed you are making, it keeps a record of the distance covered and you are thus enabled to check your tire, oil and gasoline mileage.
- 10th. This car has a smooth, velvety action found in no other. There is a noticeable absence of vibration at any speed. Everyone can appreciate this feature, even the car itself will give you a longer period of service by being so built.

There are many other advantages which we are willing and ready to explain. We can prove all our claims, you don't have to take our word. The price, which we haven't mentioned yet, will impress you most of all. Let's talk it over.

Sonny Martin has gone to Hardin county. He writes that is the garden spot of Kentucky.

Randall Hanks has about recovered from the accident that befell him by a mule team tramping him under foot.

We heartily agree with the Shade correspondent as to female suffrage. Uncle Henry Watterson says there ought to be a limit. Well, "Unk Hen," why don't you say so?

About three men out of every five seem to have a feeling way down deep that something terrible is going to happen. They don't know how, when or why, but to hear them talk one feels like hurrying home so he can hide in cyclone cellar and avoid the disaster.

There you will find a line of beautiful Millinery, trimmed, or to be trimmed to suit your personal taste at prices very reasonable. My ready to wear lines are pretty complete for women, girls, men and boys and all the little folks.

I have Suits for men in summer weight for \$15 that are very neat, and for little boys from \$6 to \$15. Nice Wool Felt Hats in good shades and makes \$2.50 to \$5. Also a good line of cheap Pants for men and boys, and Underwear in the favorite Union Suit and separate Shirts and Pants.

A splendid line of Ladies' Underwear in Net and Muslin.

Hamburgs and Laces for trimmings. Muslin at 30 and 35 cents per yard; Nainsook, 35 to 65 cents. Flaxos, Voiles, Crepe DeChene, Poplins, Soisette etc.

The New Rugs are pretty and also the Keler Fast Carpeting is 75 cents per yard. Assorted patterns.

Our line of Wall Paper is selling fine, and I don't know of any better way to clean up than to paper and paint. I carry the guaranteed line of H. & W. Paint in White and Colors. Also a cheaper grade of paint than H. & W. which sells for \$3.75 per gallon. Standard Roof Cement Paint and Belles Roof Paint in bulk, said to last five years.

I have one nice Range Cook Stove without warming oven or reservoir for \$50. Also have the old reliable Kentucky Step Stove, and assorted sizes of Pipe, Steve Beard, Fire Protectors and good assortment of Heating Stoves. It's a very good time to buy them now for they may cost more next year.

If you are in need of a good Farm Wagon, I can sell you an AVERY complete with Bed and Brk. for \$125. Now is the time to buy your wagon. I have some good Plows, different kinds, and plenty of Garden Seeds, both Crossmans and Ferrys. Be sure to plant as many as you can find room for.

We have just gotten in some pretty Footwear in the way of Pumps for ladies at \$6 to \$6.50, and White Canvas Pumps and Oxfords at \$3.25.

Now, I know you could find what you need right here at home if you only think so. There is no one really better to you than your Home Merchant.

I will thank you for eyen a PART of your trade, and try to treat you right.

Mrs. Fannie W. Williams.

Corn planting the order of the day.

Emitt Gilbert, of Stanton, has moved to the Hunter farm here.

G. R. Crabtree has moved to Bowen. While we have lost a good citizen from our midst, Bowen has certainly gained one.

Tack Abner has moved to his father's

farm here to raise a crop on account of his father's old age, who is not able to farm.

All hands and the "cook" are trying to raise something this year. Here is hoping the whole "push" will succeed and put the old Mister H. C. L. "outen" business.

Ford
THE UNIVERSAL CAR

The Ford Touring Car is literally the pioneer in the solution of the Good Roads problem, because three million or more in operation brought up to the millions of America the necessity of good roads if quick transportation at low expense was to be enjoyed. The simplicity of the Ford car, its stability in construction, the famous heat-treated Vanadium steel with its marvelous strength and flexibility, the low cost of operation and maintenance, its ease in operation, all have made the Ford car the great favorite in every land in the world. It's the one car that always satisfies and serves. A utility beyond question that all can afford. We sell them and will be pleased to have your order. Don't delay, because the demand is heavy all the time. We have almost everything in motor car accessories, carry the genuine Ford Parts, and assure the best in mechanical repair work.

Mr. J. E. Burgher, Publisher,
Kind Sir:

I am today sending you \$1 for the paper as I believe my time for renewal is almost due.

With the aid of the Times we are very happy in our new home. We have just passed through

ERNST ENTERS SENATE RACE

(Continued from First Page)

ters of big moment were being considered.

Mr. Ernst's record of service in the Republican party is a long one.

Good Republican Record.

Beginning as Councilman in Covington, he was kept in office by members of both parties until he insisted on retiring. For many years he was on the State Central Committee and for four years served as its chairman. He has represented his district a number of times at National Conventions and also has been one of the "Big Four" from his state. It was he, who, while state chairman, established state headquarters at Louisville, since continuously maintained by the party. He also has been a liberal financial supporter of the party during all three years and one of its wise counselors.

Mr. Ernst's father was William Ernst, a banker at Lexington, subsequently Covington. His mother was Sarah A. Butler, a Jessamine county girl.

It was through Mr. Ernst's instrumentality that the Covington Industrial Club was developed and through his efforts that the campaign to erect a magnificent headquarters for this remarkable civic organization was successful.

an ideal winter and the wave of prosperity seems on every hand.

Respectfully,
Nan Shimmessell.
